New Thrust Cut Nippers from JDV Products

Thrust Cut Nipper TC-40 with optional heat package can cut fan gates as wide as 1½" and TC-63 as wide as 3".

Standard features include removable alloy steel "V" groove blade with precision slide gibs. Other advantages are adjustable blade speed control, 40mm bore double acting cylinder and Teflon® coated blades.

Features:

- Cuts brittle materials without cracking
- Suitable for automated machinery operating continuously
- Double acting cylinder
- Left hand or right hand units available
- Optional heat package available
- Custom blades available

Contact JDV Products Inc. for additional details about this or on our complete line of wire wrap tools, hand and air tools, nippers, end of arm tooling and static eliminators, or visit our website: www.jdvproducts.com
