## **LINEAR BEARING SLIDING NIPPER**

### **The ultimate in accuracy, consistency, speed and capacity.**

Vessel patented **new model "Ninja" GT-NY25S nipper** has a larger cutting capacity and an adjustable slide stroke, up to 6 mm. Linear "V" groove slide base eliminates vertical and horizontal play and can be used in both push and pull stroke applications.

Standard and custom blades available.

Our Ninja nipper is manufactured with the highest standard of craftsmanship that our customers have come to expect from the Vessel Air Nipper line.

Contact JDV Products Inc. for additional details about this products or on our complete line of nippers, hand and air tools, end of arm tooling and static eliminators, or visit our website: [www.jdvproducts.com](http://www.jdvproducts.com)
